From The Desk Of Chairperson

I am glad to take this opportunity to share with the students as well as their parents to extend my heartfelt gratitude and thanks for their having chosen Global College of Law for Law studies.

I assure them to make my all out efforts to create an enabling academic milieu motivating students to develop their persona in a way that they will light like a star distinguishing them as GLOBALIAN LAW LAUREATE when they go out to serve the Nation and they themselves.

I shall treat myself a fiasco if any student in the campus of Global College of Law does not come up to realize the gravity of important issue as to how to tackle the dictum, "the worst torture is the torture of Law"

This college is an enabling citadel of learning and it will be a blunder if anybody desires to attain the pinnacle without making necessarily required academic exercise on day to day basis and throughout the course of THREE or FIVE Years.

I shall request all ones to feel free to write to me any time for suggestions or any grievances if any in the Campus of College or Hostel. All the same, I assure that all the parents should get monthly progress report of their wards latest by the 15th of succeeding month.

Mrs. Mohindri Satyarthi

Chairperson

Academic Committee

Dr. Babasaheb Ambedkar's Message to the Youth of Nation on education

Mind well, to have the highest aim is the vital rule of man's life. Whatever may be your aim, progress and development of either of self or nation, you must struggle hard day-in and day-out to achieve it. All the great things in the world are achieved only through industry and facing the odds. We must concentrate all our energy on our aim. Man should eat to live, and live to the welfare of society.

Education being a two-fold weapon is difficult to operate. Characterless and rude educated man is fiercer than a wild beast. That education of literate man, which is against the welfare of the poor people, is a curse to society. I condemn such educated literate. Character is more important than education. I feel very sorry to see the anti-religious attitude of youth. Some people say religion is opium. But it is not true. The good virtues I am possessing or whatever good I have done to the society, it is only because of my religious attitude. I want religion, and not that pretence in the name of religion.
